

Universal Silicon Nitride Hot Surface Igniter Kits

- 7 Replacements for virtually all types of older igniters
- A Silicon Nitride Hot Surface Igniter has been designed to take the place of any type of silicon carbide igniter.
- Silicon Nitride has high fracture toughness and good chemical resistance that can be handled with the greasiest of hands.
- The round igniters may be small, but they will not only light the gas, but light the gas in a way that's energy efficient, requiring less than HALF the energy to power them.
- Replaces most popular OEM and competitor brand igniters.
- All igniters come with a 3 YEAR WARRANTY

ELECTRIC MOTORS

Universal Electric Motors

Replacements for popular Brands such as:
